To The Right Honourable Viscount Melbourne His Majesty's Most Honourable  
Secretary of State.

The humble Petition of ELIZABETH BROWN a prisoner in His Majesty's gaol of Newgate aged 17 years most respectfully implores your Lordships kind intercession in her behalf in commutation of her sentence which is passed upon her the 24th instant namely that of transportation for 7 years. The Prosecutor most kindly recommends my deplorable situation to your Lordship's tender consideration . My Lord being without funds and having no protector I have been seduced from the path of rectitude and being left by my seducer, unprotected and no resource left but the miserable support of prostitution which has involved me into the miserable situation I am now placed. If your Lordship would be pleased to save me from banishment and to place me in any of His Majesty's gaols it will be ever impressed on your unfortunate Petitioners mind with gratitude.
