To The Right Honourable The Secretary of State for the Home Department

Newcastle upon Tyne

26th March 1846

We the undersigned humbly recommend merciful consideration in the case of Mary Doyle aged 17 years convicted at the late Spring Assizes as a party in the robbery of Mr Smith. We have known her from childhood to be a sober, honest and industrious habits, and believe that but from the circumstances of her being found in the company of Mary Ann Rogers, another of the convicted party, whose child she had the care of a nurse and which we believe was the only connection between them, this statement is corroborated by the repeated declaration of James Stephenson the principle convicted in the robbery to the Governor of the gaol, after his sentence begging

respectfully that you would be graciously pleased to enquire into the merits of this memorial.
