

Female Convicts in Van Diemen's Land who are mentioned in publications

Compiled by Ros Escott
for the Female Convicts Research Centre (FCRC)
updated May 2023

Arranged in alphabetical order by convict surname, then given name.

A large number of convicts used several names, and their names are often spelt in several different ways. The spelling and name used in this document is that in the publication, which is usually the same as the name on their convict record and in the FCRC's *Female Convicts in Van Diemen's Land Database*.

A hard-to-find convict can be searched for in the FCRC Database in the "Aliases" fields, which include various versions of spelling, aliases and married names as use in official documents for that convict.
